

INTERNSHIP TERMS OF REFERENCE

ICCRROM (International Centre for the Study of the Preservation and Restoration of Cultural Property) is an intergovernmental organization with headquarters in Rome, Italy. Founded by UNESCO in 1956, it is the only institution of its kind with a worldwide mandate to promote and improve the conservation of all types of cultural heritage through training, information, research, cooperation and advocacy.

The internship programme was launched in 2002 to meet the growing number of young professionals seeking to gain exposure to the activities of an Intergovernmental Organization specifically concerned with the diverse aspects of cultural heritage. Since then over 150 interns from a third of our 136 Member States have carried out an internship and benefitted from the unique opportunity of interacting with staff, research fellows and heritage professionals on subject matters of their interest.

PROGRAMME/PRIORITY AREA/SERVICE: Sustainability and Built Heritage

Under the supervision of a staff member, the intern is called upon to provide assistance aimed at enhancing the overall activities of the chosen Programme/Project/Service. More specifically the intern shall contribute to:

- 1. International Training Course on Sustainability and Built Heritage**
Assist in developing the curriculum for the international training course on Sustainability and Built Heritage centered on built heritage conservation and management within a sustainable development framework.
- 2. Conservation and Management for Inclusive Growth**
Assist in developing case studies identifying gaps, needs and opportunities for built heritage conservation and management practice that contributes towards inclusive growth.
- 3. Integrated Management of Historic Cities**
Contribute towards undertaking research, developing case studies and assisting in capacity building activities that are aimed at managing historic cities and urban areas.
- 4. Climate Change, Disaster Risk Management and Resilience Building**
Implementing various capacity building activities on conservation and management of built heritage, that integrate global concerns of climate change, disaster risk management and resilience building.
- 5. Post Conflict Recovery of Urban Heritage of Mosul, Iraq**
Implementing various activities for the project on capacity building for holistic, sustainable and resilient post conflict recovery of urban heritage in Mosul, Iraq.
- 6. Traditional Knowledge, Conservation and Management Techniques**
Assisting in publications on various themes related to sustainability and built heritage such as the role of traditional knowledge, documentation and monitoring, innovating conservation techniques, post disaster / conflict recovery.

Please kindly note that the above terms of reference are solely indicative of the type of tasks that could be entrusted to the intern. These are subject to being modified or could remain unvaried based on the needs of the programme/project/service at the time of the internship.
