SAHC-2010

7th International Conference on Structural
Analysis of Historical Constructions

October 6-8, 2010-Shanghai, China

2010

Join international experts for the seventh in a series
of internal meetings to review the latest research in
all aspects of historic buildings.

CALL FOR PAPERS

Papers are invited for oral and poster presentation at the
conference.

See inside for more details...

If undelivered please return to:
Department of Building Engineering, Tongji University,
1239 Siping Road, Shanghai 200092, China

SAHC-2010

7th International Conference on
Structural Analysis of Historical
Constructions

2010

**FIRST ANNOUNCEMENT AND CALL
FOR PAPERS**

October 6-8, 2010-Shanghai, China

Abstract submission deadline:
September 30, 2009

Organized by
Department of Building Engineering
Tongji University

and
China Civil Engineering Society

Supported by
National Key Technology R & D Program
of China (Grant No. is 2006BAJ03A07)

SAHC-2010

7th International Conference on Structural Analysis of Historical Constructions **2010**

October 6-8, 2010-Shanghai, China

CALL FOR PAPERS

SAHC-2010 will provide a forum for practitioners and researchers from around the world to exchange views and experiences in future direction and cooperative areas for analysis, protection and reuse of historical constructions. In particular, constructions that are still in regular use will be targeted in this conference. Affected by the load change and material degradation, the buildings need strengthening and retrofitting to meet the requirements of safety, serviceability and durability.

The theme of the conference will focus on "Strengthening and Retrofitting", and allows a broad scope of areas including restoration and strengthening, seismic behavior and retrofitting, development and protection, inspection and monitoring, non-destructive testing, experimental results and laboratory testing, analytical and numerical approaches, historical aspects and general methodology, innovative and traditional materials / technology, case-studies and so on.

The scientific program includes 3 parallel sessions, 1 poster session, and 1 panel over two and half days reflecting the themes of the conference, involving 10 keynote speeches and 4 invited lectures.

Abstracts will be sent to the international scientific committee for review. Papers and posters will be selected from the accepted abstracts and will also be sent to the international scientific committee for review.

Yuyuan Garden

Zhujiajiao Historical Town

The Bund

PUBLICATIONS

Proceedings for all the accepted papers will be published officially in books with a CD-Rom inside the book which will be disseminated to the participants and are available for buying after the conference.

REGISTRATION FEE

The registration fee for the conference is set at \$600 for each delegate (early registration), which will cover one copy of proceedings, a welcome reception buffet, lunches, a banquet, and technical visit.

The registration fee for each accompanying person is \$300 entitled to the tours arranged by the conference organization.

Additional sight-seeing tours before and after the conference will be available at additional cost.

LOCATION

SAHC-2010 will be held in Shanghai, China, one of the world's most dynamic cities in the 21st century. China is a land of ancient culture with historical sites dating back to over 5000 years. Like a pearl set in the west coast of the Pacific Ocean, Shanghai is the showcase of China's fast growth and a bonanza of tourist attractions, business opportunities and cultural activities.

Between May to October 2010, Shanghai will be the host of the Expo 2010 World's Fair.

During September to October, the annual Shanghai Tourist Festival offers a huge amount of traditional and not-so-traditional entertainment at venues across the city, and also incorporates the Shanghai Shopping Festival.

Registration Form

7th International Conference on Structural Analysis of Historical Constructions

I am interested in attending the conference and would like to receive the second announcement.
