Knowledge Sharing information

Building capacities at all levels

ICCROM provides **professional training**, offers **research support** and builds bridges among **experts** and **institutions** from around the world.

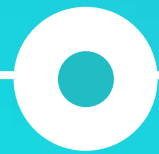

Supporting our Member States

We offer **scientific** and **technical advisory services**, help countries **conserve** and **manage** their **World Heritage properties**, and respond to specific requests at a national or subregional level.

MEETING THE
NEEDS

OUTPUT OUTCOME IMPACT

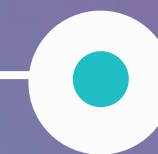

Results

- Courses through training partnerships
- Courses and workshops on demand
- Advisory services
- Fellows
- Interns

Short-term and medium-term effects

- Institutions better prepared to face challenges and create opportunities.
- Information and knowledge can be shared more effectively.

Long-term effects

- Heritage conserved and playing a meaningful role in society.

ADVISORY SERVICES TO THE WORLD HERITAGE CONVENTION

We provide advice to:
