ICCROM

Announcing
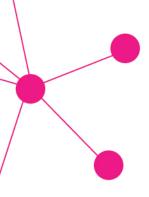

SUSTAINING DIGITAL HERITAGE

a new capacity development programme

join us for a free launch event

18th July 2022
15:00 CET (UTC+1) / 9:00 EDT / 18:30 IST

ICCROM's newest programme aims to empower diverse professionals to build long-lasting solutions for heritage in the digital domain.

Discover the sustainability framework that will equip you with the tools and strategies to safeguard digital content, engage audiences, work confidently with technology partners, and advocate to decision-makers, as well as funders.

Learn from the insights and advice of sector leaders & changemakers.

Preserve Content
Establish scalable preservation approaches through collaboration with technologists

Create Value
Build enduring relationships with audiences by delivering meaningful access

Demonstrate Impact
Garner ongoing funding and support for your digital programme
