ABOUT US

Cultural heritage is fundamental to sustainable development and human well-being. Yet, it needs care, protection and effective management. Those entrusted with conserving heritage need tools and support to ensure they can do their job to the best of their abilities.

ICCROM is where communities, heritage professionals and governments come together to innovate and advance knowledge. Our strength lies in shifting mindsets and creating heritage leaders for the future.

We do this through three **Strategic Directions and respective objectives (SDs)**:

**SD1**
- Focusing on World Concerns for Cultural Heritage
  - SD1.1 Protect cultural heritage in times of crisis
  - SD1.2 Support Africa’s cultural heritage
  - SD1.3 Foster emerging issues of heritage and conservation

**SD2**
- Creating a Diverse and Inclusive Global Network
  - SD2.1 Lead and innovate capacity building at all levels
  - SD2.2 Enhance community engagement in protecting heritage
  - SD2.3 Strengthen awareness about heritage and conservation

**SD3**
- Strengthening and Transforming ICCROM
  - SD3.1 Strengthen the foundations of ICCROM
  - SD3.2 Increase the impacts of service delivery and visibility
  - SD3.3 Modernize and invest for effectiveness and efficiency

And through our commitment to the **UN 2030 Sustainable Development Goals**:
FROM THE DIRECTOR-GENERAL

The objective of this Quarterly Report is to give an inclusive vision of activities carried out in the past three months, from April to June 2021. It tracks the indicators proposed in the Programme of Activities and Budget 2020-21, and presents the key facts and figures for the reporting period.

ICCROM continues to adapt and optimize its activities to better serve its Member States, during COVID-19 pandemic and beyond. Our operations remain fully aligned with the safety guidelines provided by the Host Countries and the World Health Organization.

The third Finance and Audit Committee meeting took place in April with productive outcomes and a fruitful Bureau meeting was held in May, both these were important opportunities to discuss ICCROM’s working themes and activities. An Extraordinary Session of ICCROM’s General Assembly took place online to approve the statutory and procedural changes required to hold the regular General Assembly meeting in October 2021 online because of the pandemic. The Extraordinary Session was attended by 138 participants, representing 83 Member States.

ICCROM had the honour to welcome to its premises a delegation from the Republic of Uzbekistan. Discussions focused on the process currently underway for Uzbekistan to become a Member State. As a first step, a Memorandum of Understanding was signed in order to establish a framework of cooperation between ICCROM and the Ministry of Tourism and Sports of Uzbekistan.

Another important event took place in June: a regional Member States information meeting, focusing on Europe and North America. I would like to thank those who participated in this initiative, helping ICCROM to maintain a dialogue with Member States and allowing the Organization to keep them informed of ICCROM’s current activities and partnerships in a given region.

ICCROM remains fully committed to improve its services on a continual basis, enabling the preservation of cultural heritage in all of its forms, for the benefit of all people. This is particularly relevant in the current Decade of action to deliver the UN 2030 Sustainable Development Goals, which calls for accelerating sustainable solutions through cultural heritage.

COVID-19 + ICCROM’S RESPONSE

Impact on ICCROM activities

A number of activities continue to be impacted by COVID-19, particularly those that require access to ICCROM premises. As part of the organization’s response to the still ongoing pandemic, most of the activities planned for April - June 2021 have been originally conceived to take place online. This section reports on the impacted activities, the type of impact, and where they were supposed to take place. It also shows how they are distributed according to the Strategic Directions and Objectives they refer to. No financial losses reported.
